

# Blue View Vision: Individual vision premiums for California

For policies with effective dates from January 1 through December 31, 2023

Eye exams are good for more than just checking your vision. They're also an important part of caring for your overall health. Eye doctors can often find signs of conditions such as diabetes, high blood pressure, and high cholesterol. With your Blue View Vision plan, you have options for eye care and prescription eyewear needs. Our network is one of the largest in the country, so you can choose from more than 40,000 eye doctors and other eye care professionals at more than 30,000 locations.\* That includes independent eye doctors, and regional or national stores, such as LensCrafters® and Target Optical®. You will also have 24/7 access to online retailers, including 1-800 CONTACTS®.
